WHO IS KILLING THE WORLD'S DICTATORS? When an untraceable website appears on April 1st 2003, threatening to remove unsatisfactory heads of state, it is dismissed as a hoax - until the killings start. Public opinion blames America's War On Terror, forcing the CIA to hunt for the real culprits. But with resources stretched by Iraq, they recruit an outsider. Dr. Shelby Wright uncovers the shocking truth, but the consequences plunge her into a web of intrigue that threatens her life. As further assassinations throw international relations into crisis, both the world and Shelby need an exit strategy.

Marketing: Real People, Real Choices brings you and your students into the world of marketing through the use of real companies and the real-life marketing issues that they have faced in recent times. The authors explain core concepts and theories in Marketing, while allowing the reader to search for the information and then apply it to their own experiences as a consumer, so that they can develop a deeper understanding of how marketing is used every day of the week, in every country of the world. The new third edition is enhanced by a strong focus on Value Creation and deeper coverage of modern marketing communications practices.

Singapore's best homegrown car magazine, with an editorial dream team driving it. We fuel the need for speed! Stuck in a rut? Know what you want but don't know how to get it? Feel like life is passing you by? Sick of getting mediocre results? Then enter the wonderful world of Liquid Thinking... A practical, jargon-free and easily accessible self-help book drawing on a diverse range of experiences and containing digestible lessons and exercises used by sports captains, charity leaders and business leaders. It is the only self-help book which has ever been endorsed by Sir Richard Branson, Angelo Dundee, Muhammad Ali, and Jonny Wilkinson. It is a brave man who starts his book on self development by quoting Jerry Springer and discussing the literary merits of the Joy of Sex; however, this is Damian Hughes to a tee. Combining his own experiences as a Manchester United football coach, HR Director and youth club leader with exclusive insights from Sir Richard Branson, Angelo Dundee, Muhammad Ali and Jonny Wilkinson, Hughes will help you to step forward to achieve your own special hopes, dreams and ambition. The books have been credited with helping people build their own houses, fight cancer and run marathons, so come on and be a fellow Liquid Thinker! This full colour student book covers a further four units for students to achieve the Double Award, and is exactly matched to the specifications of Edexcel.

Daniel Murray – a 50-year-old writer who has won an award for a book about the visual arts. He now writes for art magazines and lives in the centre of Sydney. Here he finds a street girl, Gale. Who sweeps across the city, walking fast among the crowds, screaming out the most passionate and hurtful but poetic words. Daniel is drawn to her and immediately develops a relationship with Gale. She moves in with him on the first day they meet. They have a passionate romance. She offers to tell Daniel her stories so he can compile them into a book. Gales falls in love with Daniel and Daniel also, but only to a point, that point is where he won't let a relationship interfere with his writing career. The Damaged will bring the reader into the experience of living in Sydney and will draw the reader into the lives of two people who fall passionately in love but come up hard against each other.

In spite of all the assistance offered by electronic control systems, the latest generation of passenger car chassis still relies on conventional chassis elements. With a view towards driving dynamics, this book examines these conventional elements and their interaction with mechatronic systems. First, it describes the fundamentals and design of the chassis and goes on to examine driving dynamics with a particularly practical focus. This is followed by a detailed description and explanation of the modern components. A separate section is devoted to the axles and processes for axle development. With its revised illustrations and several updates in the text and list of references, this new edition already includes a number of improvements over the first edition.

"The rhythmic, onomatopoeic text dances across exuberant watercolors with lots of movement. This celebration of a child's agency in choosing a means of artistic expression strikes just the right note." --Kirkus "A delightful offering for reading aloud, especially during music-themed storytimes." --School Library Journal From New York Times bestselling author Chris Barton and new illustrator Louis Thomas comes a fun, rhythmic picture book about finding the music that is perfect for you! A boy who loves to make noise gets to pick only one instrument (at his parents urging) in a music store, but there is too much to choose from! There's triangles and sousaphones! There's guitars and harpsichords! Bagpipes and cellos and trombones! How can he find the one that is just right for him out of all those options?

Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.

New Directions in the Analysis of Multimodal Discourse offers a comprehensive international view of multimodal discourse and presents new directions for research and application in this growing field. There has long been a need for a volume that addresses multimodal communication from both a theoretical and a practical perspective. With contributions from top scholars around the world, this work opens up the field of multimodal discourse analysis as it covers a wide range of interests such as, computational linguistics, education, ideology, and media discourse. The range and scope of the chapters in this book provide groundbreaking insights into exploring and accounting for the various facets of multimodality in a range of texts and contexts. Initial chapters specifically aim to tackle theoretical issues, while subsequent chapters focus on important research areas such as writing and graphology, genre, ideology, computational concordancing, literacy, and cross cultural and cross linguistic issues. In the final chapters, an emphasis is placed on the educational implications of multimodality in first and second language contexts, a particularly new and interesting contribution. This volume will have wide appeal and is suitable for any researcher or educator interested in multimodality and its applications in social interaction.

Why is an old enemy seeking Susan's aid? What is the purpose behind the seemingly random acts of violence, killing and destruction all over the world? What is the connection between the attempt to kill Susan, the riots and the recent bombing in Philadelphia? Is there truly a link between the bombings and Susan Dax? And who could be behind it? In seeking answers to this and other baffling questions Susan Dax and her unrivalled cohort Seymour Krakauer find themselves drawn into a conflict with an old associate and mysterious group known as The Lighthouse Guards. Trailing danger and ending up captured on the operational headquarters of the Lighthouse Guards. They try to figure how their resourcefulness and determination could enable them overcome and destroy the trained army bent on carrying out an even bigger terror campaign that will undoubtedly have a dramatic effect on the western world?
