The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

While there are some aspects of poetry and literature that remain the same, poetry is a different style so you can expect that there is a different set of descriptive words to know. One of the most important things to memorize is rhythm. This word describes the effect brought

about by poets by using meter, or stressed and unstressed syllables, in order to achieve a certain sound. In the poetic world, rhythm and meter are often used interchangeably. However, rhythm is usually used to address the effect of a string of syllables, while meter addresses more specific sounds. There are five sub-definitions of meter that you should learn. The first is known as an Iamb. This is a pattern composed of an unstressed syllable tailed by a stressed syllable. The word 'per-FORM' is a good example of this. Next comes the Trochee; this is when one stressed syllable is paired with an unstressed syllable. For example, the word 'WIN-dow.' Third on the list is Dactyl: one stressed syllable paired with two unstressed syllables. Phrases such as 'RUN a-way' are often used by poets. The opposite of Dactyl is Anapest. This meter is composed of two unstressed syllables, followed by one stressed. A good example of Anapest is the phrase 'in the END.' Last of the types of meter is the Spondee. A spondee is made up of two stressed syllables; 'The Earth' is a good example of this. In other words, the College Board wants to see you write effectively. This is the #1 buzzword in all College Board documents; students who score an 8 or a 9 are rated as "effective," whereas students who score a 6 or a 7 are considered "adequate." (5s are generally "limited," "uneven," or "inconsistent," according to the College Board. 3s and 4s are "inadequate," 1s and 2s have "little success," and 0s are completely off-topic.) Understanding the scoring criteria is extremely important because it will help you to evaluate yourself, both when practicing and when taking the actual test. Tags: AP

Exam About the Book This test-preparation guide provides all the tools you'll need to do well on the Advanced Placement Examination in English Language & Composition. In addition to test-taking techniques and the information required by the test - such as literary definitions and essay structure - you will find complete lessons that teach you the skills demanded by this test. The instructional passages of this book teach you critical reading skills by using material beyond the range of the AP exam. You will be taught by lesson and example how to write high-scoring essays that demonstrate all you have learned. To complement the chapters on critical reading, Chapter 4 focuses on the test itself and prepares you for it specifically. Everything you need to know for the test is encapsulated in this chapter. You will find helpful facts about the AP exam, along with a breakdown of the questions into easily recognizable types. As the time of the test approaches, you will be able to concentrate on this chapter for the most time-efficient preparation. Our book also provides three full-length practice tests. Our exams include thorough explanations of the answers for added instruction and self-diagnosis of problem areas. We also include a glossary of literary terms with 65 entries, all fully defined. About the Test The Advanced Placement Examination in English Language & Composition is geared toward the student who has studied the mechanics of writing and rhetoric at an advanced level, and wishes to pursue

college credit. Take care not to confuse the AP Examination in English Language & Composition with the AP Examination in Literature & Composition. The Literature exam focuses on literature and literary criticism, while the Language exam deals with writing as a craft. This book is designed to help you prepare for the AP Examination in English Language & Composition only. The AP English Language & Composition Exam is divided into two sections: Section 1 - Multiple-Choice (60 minutes - accounts for 45% of total score) Five or six reading passages, with an average of 10 questions each. Section 2 - Free-Response (up to 120 minutes - accounts for 55% of total score) Three essay questions. The first section consists of five or six reading passages and sixty multiple-choice questions, which you will have one hour to complete. Each passage will be followed by an average of ten questions and thereafter the passage will not be referred to again. Do not feel pressured to remember each reading - just digest them one at a time and move on. After reading the passage, you will have approximately one minute to answer each question. The second section of the AP English Language & Composition Exam consists of three essay questions, and is divided such that you will have forty minutes to write each essay. Do not expect to be able to go back to an essay after the allotted time has elapsed. Note that each essay has very specific instructions, and most have a passage which

you will read critically to answer the essay question. Your essays will be scored according to the essay structure, the clarity of your writing, and the extent to which you have answered the question. Scoring the Exam The multiple-choice section of the exam is scored by crediting each correct answer with one point and deducting one-fourth of a point for each incorrect answer. Unanswered questions receive neither a credit nor a deduction. The free- response essays are graded by more than 5,000 instructors and professors who gather together each June for a week of non-stop AP essay grading. Each essay booklet is read and scored by four graders. Each grader provides a score for the individual essays. This score is a number on a scale from 0 to 9, 0 being the lowest and 9 the highest. The graders are not aware of each other's scores. When the essays have been graded four times, the scores are averaged - one score for each of the three essays - so that the free-response section is composed of three scores. The three essays are weighted equally, and the total weight of the free-response section is fifty-five percent of the total score. The multiple-choice section accounts for forty-five percent of the total score. Each year the overall grades may fluctuate because the grading scale depends upon the performance of students in past AP administrations. The following method of scoring, along with the corresponding chart, will give you an approximation of your score. It will not

indicate the exact score you would get on the actual AP English Language & Composition Exam
