The second edition of this popular student textbook presents an up-to-date and comprehensive introduction to the process and practice of teaching and learning science in the secondary school.

Written by experienced authors to cover the new WJEC GCSE Additional Science specification in full, this title provides all the ingredients for successful exam revision: relevant and accessible notes, examiner advice, and questions and answers on each key topic. This revision guide complements the WJEC GCSE Additional Science students textbook.

What happens when after ten years of what you thought was a happy and normal family life your wife suddenly turns your world upside down and leaves, leaving you, heartbroken and in shock and with two expectant young children to care for and raise? First you hit the bottle, get seriously drunk and hit a downward spiral in free fall, heading for certain disaster. Then, once you've hit rock bottom, you take stock of the situation, pick yourself up, dust yourself down and begin the long and difficult climb out of the abyss, putting life together again piece by arduous piece. This is what happened to Brian Rowlands and this is his true story. Beginning with the end of his marriage, this book charts his and his children's journey along the long and very rocky road they encountered as they struggled to re-build their shattered lives and put some kind of stability and substance back in place. Filled with many highs and lows and told in an honest and open manner this book charts the last ten years in this single parent family's remarkable life. From heartbreak to happiness, through disastrous relationships, difficult medical problems and eleven different homes in five years, their story will entertain, enthrall and shock. Drawing the reader in, once started it is a book that the reader will want to go on reading, page after page, leaving you begging for more and wanting to know just what happens next.

Board-specific Teacher Support Packs provide advice and assistance on how to approach this new qualification. This Pack is appropriate for Edexcel and includes information on how to prepare students for external assessment and how to assist them in preparing their portfolios.

A biology GCSE study guide that covers the 2000 syllabus and offers a structured revision programme covering everything you need to know for your exam. "Boy meets girl. Boy is English, girl Hungarian: boy has a good job at a very well-known boarding school in England; girl is an au pair who wants to get back to Hungary as soon as possible. Boy discovers he knows a man who is running an International school in Hungary and he is desperate for boy to work for him. Boy decides you can't fight that sort of coincidence, chucks in the good job at the well-known boarding school and follows the girl to Budapest ... This is a book about real life in one of Europe's most fascinating cities. Ray Dexter shows us deep inside the Hungarian soul and also inside the minds of the expats who have also ended up in the Hungarian Girl Trap"--P. [4] of cover.

Building on the Longman Exam Practice Kits series, the volumes in this series provide students with help in preparing and practising for either their mock exams or for the actual exams themselves. Each book contains: brief guidance on preparing for the exam - what students should take with them, reminders about using their time wisely and advice on double-checking their answers; three or four complete papers, which students are encouraged to work through in exam-like conditions; solutions to each question, with examiner's tips for tricky areas; and guidance on marking and grading.

Meeting the Needs of Your Most Able Pupils: Science provides specific guidance on: recognising high ability and multiple intelligences planning, differentiation and extension/enrichment teacher questioning skills support for more able pupils with special educational needs (dyslexia, ADHD, sensory impairment) homework recording and assessment beyond the classroom: visits, competitions, summer schools, masterclasses, links with universities, businesses and other organisations. This book includes comprehensive appendices with linked resources available online that feature: useful contacts and resources lesson plans liaison sheets for Teaching Assistants homework activities monitoring sheets. This book is an essential resource for secondary teachers, subject heads of departments, Leading Teachers for G&T Education (Gifted and Talented co-ordinators), SENCos and LA advisers.

Help your students perfect their understanding and prepare for examinations with accessible science content presented at the right level. An accessible Revision Guide that completely covers the most recent

specification with up-to-date revision questions. Written by best-selling authors with substantial examining experience at both Foundation and Higher level for CCEA. - Ensures students' understanding with clear worked examples and content written at the correct level - Provides practice for assessment with lots of Revision Questions - Enables students to improve their grade with helpful exam tips that covers key terminology and guidance on preparing for assessment - Helps students to practise and remember key terms with a full Glossary

This book provides a quick look at the content of Unit P2 of the AQA GCSE Physics course (and the Additional Science course). All the specification points are covered in simple bullet-point form. The text is accompanied by a good selection of full-colour illustrations and photographs. Includes sections on how to revise, maths and How Science Works.

Practise and prepare for AQA GCSE Combined Science with hundreds of topic-based questions and one complete set of exam practice papers designed to strengthen knowledge and prepare students for the exams. This extensive practice book raises students' performance by providing 'shed loads of practice', following the 'SLOP' learning approach that's recommended by teachers. - Consolidate knowledge and understanding with practice questions for every topic and type of question, including multiple-choice, multi-step calculations and extended response questions. - Develop the mathematical, literacy and practical skills required for the exams; each question indicates in the margin which skills are being tested. - Confidently approach the exam having completed one set of exam-style practice papers that replicate the types, wording and structure of the questions students will face. - Identify topics and skills for revision, using the page references in the margin to refer back to the specification and accompanying Hodder Education Student Books for remediation. - Easily check answers with fully worked solutions and mark schemes provided in the book.

UK schools save 50% off the RRP! Discount will be automatically applied when you order on your school account.

Exam board: WJEC Level: GCSE Subject: Computer Science First teaching: September 2017 First exams: Summer 2019 Strengthen your students' understanding and upgrade their confidence with My Revision Notes: WJEC Eduqas GCSE (9-1) Computer Science. Written by leading Computer Science experts this is the only revision guide aimed specifically at helping students prepare for the WJEC or Eduqas exam - a new title in the top-selling revision guide series, loved by students and recommended by teachers. · Let students take control of their revision - plan and focus on the areas where they need to improve their knowledge and understanding with advice and summaries from the experts. · Help them achieve their potential - exam tips on computer science terms and concepts highlighted throughout the book · Improve their exam skills - a range of exam practice questions and 'test yourself questions' with answers at the back of the book.

Exam tutor and walk-through Over 500 exam-style revision questions with model answers Exam tips and coaching just like a tutor would offer Two complete practice exam papers Answers to all questions Specification references for every topic A perfect companion to our ClearRevise illustrated revision book. Make exam revision as easy as 1, 2, 3. Study the questions with model answers on the left pages Have a go at fresh questions from the same topic on the right Breeze through two complete practice papers ClearRevise is all about making your revision easy. At the end of the course, doing practice papers is useful - but an exam tutor can make a big difference. This book helps provide support from both angles and will really help you to ace the exam. The first section is your exam tutor. It shows you example questions with model answers. Just like a tutor, it gives you exam tips and lets you know what the examiner is looking for. Secondly, you are then given similar questions from the same topic for you to have a go at, applying your knowledge and tips. With over 400 marks in this section and all the answers provided you'll easily revise the topics as you go. Lastly, there are two complete exam papers written in the same style as the live OCR papers to try. They're exactly the same length and marks as the real exam, providing a realistic experience and a great opportunity to show how much you've progressed.

Are you sitting the new 9 to 1 GCSE examinations and wish to achieve good grades? Are you overwhelmed by the new syllabus and the workload? Do you need some useful and reliable guidance from a student who has nailed the exams? This book has been written by a teenager, like you. Having achieved seven 9s, three A*s and one A in his GCSEs, the author has shared his revision style to help many other teenagers to realise their potential. In his book, Rohan has outlined his tried and tested methods to achieve the best grades. There is step by step guide on

planning, making a timetable, and revision techniques leading up to the GCSE exams. There are separate chapters for subject-specific advice as the same technique cannot work for subjects like English and Chemistry. There are tips on how to stay motivated and also relax and enjoy at the same time. Smart working rather than a lot of working helps. Read this book and arm yourself with studying techniques which will help you not only in your GCSEs but all future exams.

Target success in CCEA GCSE Double Award Science with this proven formula for effective, structured revision; key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge. With My Revision Notes, every student can: - Plan and manage a successful revision programme using the topic-by-topic planner - Consolidate subject knowledge by working through clear and focused content coverage - Test understanding and identify areas for improvement with regular 'Now Test Yourself' tasks and answers - Improve exam technique through practice questions, expert tips and examples of typical mistakes to avoid - Answers to the practice questions available online

Frustrated with exam guides that provide mainly content and only a few questions? Or the opposite, with just practice questions but with no content for support? Oxford Facts and Practice are here to help and they do just what they say on the cover: give facts and practice for A Level. - All that students need to know in 56 pages - Designed for the new A- and AS-Level specifications, each book starts with tips on exam technique and a description of the main specifications - The authors all work in a tutorial college and are very experienced in preparing students for examinations from all of the exam groups. - The books have been extensively trialled to ensure that they provide lucid explanations at the right level of detail

Intended for achieving examination success, this series replaces the former GCSE Study Guides. This book which are part of the new Revise GCSE series offers complete study and reference support for the Science GCSE course as well as being a revision guide for the Science GCSE examinations and Scottish Standard Grade. It provides a breakdown of the syllabuses and exam structure for every exam board, advice on studying, revising, coursework and exams, topic-by-topic coverage, clearly presented with many examples and diagrams, quick tests for every topic to check progress, and a bank of recent GCSE exam questions with answers to fine-tune exam techniques.

Answering six mark questions in your GCSE is much more than just writing down six correct things. There is a skill to answering them that needs to be practiced. Here I have written 25 questions on each subject, given you the answers and guided you through how to answer to get full marks. The more you practice, the more confident you'll be in the exam! Example Question 58 - Renewable and Non-Renewable Energy Sources In June 2017, for the first time, over 50% of energy in the UK was supplied by renewable energy. The UK government is leading a drive to promote the increased use of renewable energy sources for generating electricity. Evaluate the use of renewable and non-renewable energy sources. Planning... * Evaluate give good points, bad points your option and justify your opinion* You can use a table for planning* What are the good points (aim for at least 2)?* What are the bad points (aim for at least 2)?* What is your opinion?* Explain why you have that opinion* Don't stress too much about your opinion, the examiner is never going to cross-examine you on this, just make one up Table of Contents* Exam command words * Glossary of exam command words * How to answer 6-mark questions * How the examiners will mark your work * Biology * 1 - Drugs * 2 - Respiration * 3 - Genetic Engineering * 4 - Plant Growth * 5 - Digestive System * 6 - Reflex Arcs * 7 - Leaves * 8 - Pathogens * 9 - Genetic Testing * 10 - Contraception * 11 - IVF * 12 - Defence Against Pathogens * 13 - Drugs in Sport * 14 - Cloning * 15 - Stem Cells * 16 - Menstrual Cycle * 17 - IVF * 18 - Cells * 19 - Enzymes * 20 - Homeostasis * 21 - Blood * 22 - Genetic Disorders * 23 - Enzymes * 24 - Hormonal Contraception. * 25 - Plants * Chemistry * 26 - Covalent bonding * 27 - Rates of Reaction (concentration) * 28 - Atoms and Ions * 29 - Magnesium Chloride * 30 - Reactivity series * 31 - Extracting Copper * 32 - Rates of Reaction (Temperature) * 33 - Water * 34 - Properties of mystery white powders * 35 - Fractional Distillation * 36 - Diamond and Graphite * 37 - Le Chatelier's Principle * 38 - Evolution of Atmosphere * 39 - Life Cycle Assessment * 40 - Metals * 41 - Carbon in the Atmosphere * 42 - Reactivity in Group 1 and Group 7 * 43 - States of Matter * 44 - Rate of Reaction (surface area) * 45 - The Periodic Table * 46 - Models of the Atom * 47 - Group 1 * 48 - Group 7 * 49 - Aluminium Electrolysis * 50 - Acids and Alkalis * Physics * 51 - Generators * 52 - Radioactivity * 53 - Journeys * 54 - Thermistors * 55 - Nuclear Power * 56 - Isotopes * 57 - Forces * 58 - Renewable and Non-Renewable Energy Sources * 59 - AC/DC * 60 - Surfaces * 61 - Car Safety * 62 - Climate Change * 63 - Heating * 64 - National Grid * 65 - Energy Changes * 66 - Diodes * 67 - Circuits * 68 - Waves * 69 - Electromagnetic Spectrum * 70 - Loudspeakers * 71 - Waves * 72 - Newton's Laws of Motion * 73 - Atmosphere * 74 - Weight and Mass * 75 - Electrical Safety * Answers
