Fans of Netflix's *On My Block* and readers of Elizabeth Acevedo and Angie Thomas will love this debut novel about a girl whose life is turned upside down after one local act of vandalism throws both her relationships and neighborhood into turmoil. Chineló, or Nelo as her best friend Kate calls her, is all about her neighborhood Ginger East. She loves its chill vibe, ride-or-die sense of community, and the memories she has growing up there with her friends. Ginger East isn't what it used to be though. After a deadly incident at the local arcade, most of her friends' families moved away. Kate, whose family owns the local corner store, is still there and as long as that stays constant, Nelo's good. When Kate's parent's store is vandalized and the vandal still at large, Nelo is shaken to her core. And then the police and the media get involved and more of the outside world descends upon Ginger East with promises to "fix the neighborhood." Suddenly, Nelo finds herself in the middle of a drama unfolding on a national scale. Worse yet, Kate is acting strange. She's pushing Nelo away at the exact moment they need each other most. Now Nelo's entire world is morphing into something she hates and she must figure out how to get things back on track or risk losing everything--and everyone--she loves.

A thrilling original novel set in the universe of Star Trek: The Next Generation / Deep Space Nine! In 2367, Captain Benjamin Maxwell of the starship Phoenix ordered the destruction of a Cardassian warship and a supply vessel, killing more than six hundred crew members. Maxwell believed that the Cardassians were arming for a new attack on the Federation, and though history eventually proved he was probably correct, the Federation had no choice but to court martial and incarcerate him. Almost twenty years have passed, and now Maxwell is a free man,

working as a maintenance engineer on the private science station Robert Hooke, home to crackpots, fringe researchers, and, possibly, something much darker and deadlier. Maxwell's former crewmate, Chief Miles O'Brien, and O'Brien's colleague, Lieutenant Commander Nog, have come for a visit. Unfortunately, history has proven that whenever O'Brien and Nog leave Deep Space 9 together, unpredictable forces are set into motion...™, ®, & © 2016 CBS Studios, Inc. A compelling biography of SoundCloud sensation and rising star XXXTENTACION -- from his candid songwriting and connection with fans to his tragic death. At the age of twenty, rapper Jahseh Dwayne Onfroy -- aka XXXTENTACION -- was gunned down during an attempted robbery on the streets of Deerfield Beach, FL, mere months after signing a \$10 million record deal with Empire Music. A rising star in the world of SoundCloud rap, XXXTENTACION achieved stellar levels of success without the benefit of a major label or radio airtime, and flourished via his passionate and unfettered connection to his fans. In *Look at Me!*, journalist Jonathan Reiss charts the tumultuous life and unguarded songwriting of the SoundCloud sensation. Unlike most rap on the platform, XXXTENTACION's music didn't dwell on money, partying, and getting high. He wrote about depression, suicide, and other mental health issues, topics that led to an outpouring of posthumous appreciation from his devoted fanbase. It was XXXTENTACION's vulnerability that helped him stand apart from artists obsessed with being successful and "cool." Yet these insecurities also stemmed from -- and contributed to -- his fair share of troubles, including repeated run-ins with the law during his teen years, a disturbing proclivity towards violence, and a prison sentence that overlapped with the release of his first single. Through the memories of the people who knew him best, *Look at Me!* maps out the true story of an unlikely cultural icon and elucidates what it was about him that touched the post-millennial generation so deeply.

Naruto and his ninja friends Sasuke and Sakura are working hard trying to keep crabby old bridge-builder Tazuna safe from his enemies while he finishes his new project. Riko: Another relocation, another private school. I'm used to it by now. At least this is the last time my dad's job can make me move and change schools. I just need to keep my head down and finish high school. I figured Ravenwood couldn't be any different than every other private school I've been set to. Oh, how wrong I was. No other school I've attended had guys like the Frost triplets. That's right, TRIPLETS! And I don't know why they've sent their icy sights on me, but they've ruined my plans of just going unnoticed and finishing senior year. Frost Triplets: Ravenwood has been a never-ending bore. Because we are Frosts, people kiss our ass from students to staff. They treat us like royalty. But, of course, we aren't, just from a very old and extremely rich family. None of them know us. Hell, they can't even tell us apart. Which usually suits us fine as we swap with each other for classes we don't like or even when dealing with girls. But it still pisses us off. It's been a long time since there was a new student at Ravenwood and who could blame us for deciding to tease her.
