This powerful Newbery-winning classic tells the story of the great coon dog Sounder and his family. An African American boy and his family rarely have enough to eat. Each night, the boy's father takes their dog, Sounder, out to look for food. The man grows more desperate by the day. When food suddenly appears on the table one morning, it seems like a blessing. But the sheriff and his deputies are not far behind. The ever-loyal Sounder remains determined to help the family he loves as hard times bear down. This classic novel shows the courage, love, and faith that bind a family together despite the racism and inhumanity they face in the nineteenth-century deep South. Readers who enjoy timeless dog stories such as *Old Yeller* and *Where the Red Fern Grows* will find much to love in *Sounder*, even as they read through tears at times.

RightStart Mathematics is a comprehensive math program for children that is easy to teach and provides the foundation for everyday life, for advanced math, and for science in our technological world. The research-based elementary and intermediate RightStart Mathematics program is easy to use: the lessons tell you what to teach, and how and why, day by day and year by year. This unique program uses visualization of quantities, de-emphasizes counting, and provides visual strategies (mental pictures) for memorizing the facts. Understanding is emphasized. Math needs to be taught so 95 percent is understood and only 5 percent memorized. When children don't understand, they memorize until the burden becomes too great and then they give up. When children understand, they need less time in review and practice.
