Unfettered is an anthology of original fantasy fiction by some of the very biggest names in fantasy fiction, and it also features deleted scenes from A MEMORY OF LIGHT, the final book in Robert Jordan's Wheel of Time series. This collection is not only a fantastic anthology in its own right, but it's a testament to the generosity found in the science fiction and fantasy community. When author Shawn Speakman fell seriously ill and was unable to pay his medical bills, that's when New York Times bestselling author Terry Brooks offered to donate a short story that Shawn could sell to help alleviate those bills. He also suggested he ask the same of his other writer friends, and Unfettered is the incredible result. Twenty-four tales comprise this superb collection, and as the title suggests, the writers were free to contribute whatever they wished. Table of contents: - Foreword by Patrick Rothfuss - Introduction: On Becoming Unfettered - Imaginary Friends by Terry Brooks - How Old Holly Came To Be by Patrick Rothfuss - The Old Scale Game by Tad Williams - Game of Chance by Carrie Vaughn - The Martyr of the Roses by Jacqueline Carey - Mudboy by Peter V. Brett - The Sound of Broken Absolutes by Peter Orullian - The Coach with Big Teeth by R.A. Salvatore - Keeper of Memory by Todd Lockwood - Heaven in a Wild Flower by Blake Charlton - Dogs by Daniel Abraham - The Chapel Perilous by Kevin Hearne - Select Mode by Mark Lawrence - All the Girls Love Michael Stein by David Anthony Durham - Strange Rain by Jennifer Bosworth - Nocturne by Robert V.S. I have spent the night with Felurian and left with both my sanity and my life. I was expelled from the University at a younger age than most people are allowed in. I tread paths by moonlight that others fear to speak of during day. I have talked to Gods, loved women, and written songs that make the minstrels weep. My name is Kvothe. You may have heard of me' So begins the tale of Kvothe - currently known as Kote, the unassuming innkeeper - from his childhood in a troupe of traveling players, through his years spent as a near-feral orphan in a crime-riddled city, to his daringly brazen yet successful bid to enter a difficult and dangerous school of magic. In these pages you will come to know Kvothe the notorious magician, the accomplished thief, the masterful musician, the dragon-slayer, the legend-hunter, the lover, the thief and the infamous assassin.

Eleven Minutes is the story of Maria, a young girl from a Brazilian village, whose first innocent brushes with love leave her heartbroken. At a tender age, she becomes convinced that she will never find true love, instead believing that "love is a terrible thing that will make you suffer. . . ." A chance meeting in Rio takes her to Geneva, where she dreams of finding fame and fortune. Maria's despairing view of love is put to the test when she meets a handsome young painter. In this odyssey of self-discovery, Maria has to choose between pursuing a path of darkness -- sexual pleasure for its own sake -- or risking everything to find her own "inner light" and the possibility of sacred sex, sex in the context of love. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

"The Red and the Black" is a reflective novel about the rise of poor, intellectually gifted people to High Society. Set in 19th century France it portrays the era after the exile of Napoleon to St. Helena. The influential, sharp epigrams in striking prose, leave reader almost as intrigued by the author's talent as the surprising twists that occur in the arduous love life.

With a clear comparative approach, this volume brings together for the first time contributions that cover different periods of the history of ancient pharmacology, from Greek, Byzantine, and Syriac medicine to the Rabbinic-Talmudic medical discourses. This collection opens up new synchronic and diachronic perspectives in the study of the ancient traditions of recipe-books and medical collections. Besides the highly influential Galenic tradition, the contributions will focus on less studied Byzantine and Syriac sources as well as on the Talmudic tradition, which has never been systematically investigated in relation to medicine. This inquiry will highlight the overwhelming mass of information about drugs and remedies, which accumulated over the centuries and was disseminated in a variety of texts belonging to distinct cultural milieus. Through a close analysis of some relevant case studies, this volume will trace some paths of this transmission and transformation of pharmacological knowledge across cultural and linguistic boundaries, by pointing to the variety of disciplines and areas of expertise involved in the process.

This book is a thorough revision of the highly successful text first published in 1994. The authors retain the multidisciplinary approach that presents research from linguistics, sociology, psychology, and education, in a format designed for use in an introductory course for undergraduate or graduate students. The research is updated throughout and there are new sections and chapters in this second edition as well. New chapters cover child language acquisition (first and second), Universal Grammar, and instructed language learning; new sections address issues, such as what data analysis doesn't show, replication of research findings, interlanguage transfer (multilingual acquisition and transfer), the aspect hypothesis, general nativism, connectionist approaches, and implicit/explicit knowledge. Major updates include nonlanguage influences and the lexicon. The workbook, Second Language Learning Data Analysis, Second Edition, makes an ideal accompaniment to the text.

The sublime is confused with the ridiculous in this savage commentary on the human condition, a staple of every theatre classroom and 20th century drama. A small town is besieged by one roaring citizen who becomes a rhinoceros and proceeds to trample on the social order. As more citizens are transformed into rhinoceroses, the trampling becomes overwhelming, and more and more citizens become rhinoceroses. One sane man, Berenger, remains, unable to change his form and identity.

"Beauvoir in Time situates Simone de Beauvoir's *The Second Sex* in the historical context of its writing and in later contexts of its international reception, from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: "bad sex," "dated" views about lesbians, and intersections with race and class. Through close reading of her writing in many genres, alongside contemporaneous discourses (good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon), and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing Beauvoir is still good to think with today"--

The University, a renowned bastion of knowledge, attracts the brightest minds to unravel the mysteries of enlightened sciences like artificing and alchemy. Yet deep below its bustling halls lies a complex and cavernous maze of abandoned rooms and ancient passageways - and in the heart of it all lives Auri. Formerly a student at the University, now Auri spends her days tending the world around her. She has learned that some mysteries are best left settled and safe. No longer fooled by the sharp rationality so treasured by the University, Auri sees beyond the surface of things, into subtle dangers and hidden names. At once joyous and haunting, *THE SLOW REGARD OF SILENT THINGS* is a rich, atmospheric and lyrical tale, featuring one of the most beloved characters from Rothfuss' acclaimed fantasy series.

William Golding's unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition with a new foreword by Lois Lowry As provocative today as when it was first published in 1954, *Lord of the Flies* continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding's compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of *Lord of the Flies*. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Yeats, Joseph Conrad, Thomas Hardy, Igor Stravinsky, Jean Cocteau, George Santayana and Paul Claudel, as well as other artists, musicians, writers and poets. Edith Wharton edited the text as a fundraiser for her WWI French charities, The Children of Flanders Relief Committee and The American Hostels for Refugees. We owe this assistance to the good name of America, and above all for the cause of humanity we owe it to the children, the women and the old men who have suffered such dreadful wrong for absolutely no fault of theirs." Wharton's charitable work was so passionate and successful, she was made a Chevalier de l'Ordre National de la Légion d'honneur in 1916 for her efforts.

With *Building in France*, *Building in Iron*, *Building in Ferroconcrete* (1928)—published now for the first time in English—Siegfried Giedion positioned himself as an eloquent advocate of modern architecture. This was the first book to exalt Le Corbusier as the artistic champion of the new movement. It also spelled out many of the tenets of Modernism that are now regarded as myths, among them the impoverishment of nineteenth-century architectural thinking and practice, the contrasting vigor of engineering innovations, and the notion of Modernism as technologically preordained.

The original novel that inspired the films! First published more than fifty years ago, Pierre Boulle's chilling novel launched one of the greatest science fiction sagas in motion picture history. In the not-too-distant future, three astronauts land on what appears to be a planet just like Earth, with lush forests, a temperate climate, and breathable air. But while it appears to be a paradise, nothing is what it seems. They soon discover the terrifying truth: On this world humans are savage beasts, and apes rule as their civilized masters. In an ironic novel of nonstop action and breathless intrigue, one man struggles to unlock the secret of a terrifying civilization, all the while wondering: Will he become the savior of the human race, or the final witness to its damnation? In a shocking climax that rivals that of the original movie, Boulle delivers the answer in a masterpiece of adventure, satire, and suspense.

Nostradamus, or Michel de Nostredame, was a physician and astrologer during the time of the Black Death. His most famous book "Les Prophéties," or "the Prophecies," was first published in 1555. Some scholars believe that, in this volume, he predicted a number of world events, such as the rise of Napoleon and the death of Hitler, and that it also predicts the coming of the Antichrist and the end of the world. This volume contains annotations and parallel texts. A modern English translation accompanies the original, Mediaeval French—the language in which Nostradamus originally wrote his prophecies—, helping the reader to understand both the original language and the translation of this critical work of eschatology. This edition also contains fragments of the questionable 11th and 12th centuries.

James Hadley Chase (Rene Brabazon Raymond) was born in London in 1906 and started his career as a bookseller. With the aid of a dictionary of American slang and reference books on the American underworld he wrote his first novel, *NO ORCHIDS FOR MISS BLANDISH*,
