The New York Times bestselling work of undercover reportage from our sharpest and most original social critic, with a new foreword by Matthew Desmond, author of *Evicted*. Millions of Americans work full time, year round, for poverty-level wages. In 1998, Barbara Ehrenreich decided to join them. She was inspired in part by the rhetoric surrounding welfare reform, which promised that a job—any job—can be the ticket to a better life. But how does anyone survive, let alone prosper, on \$6 an hour? To find out, Ehrenreich left her home, took the cheapest lodgings she could find, and accepted whatever jobs she was offered. Moving from Florida to Maine to Minnesota, she worked as a waitress, a hotel maid, a cleaning woman, a nursing-home aide, and a Wal-Mart sales clerk. She lived in

trailer parks and crumbling residential motels. Very quickly, she discovered that no job is truly "unskilled," that even the lowliest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you int to live indoors. Nickel and Dimed reveals low-rent America in all its tenacity, anxiety, and surprising generosity—a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how "prosperity" looks from the bottom. And now, in a new foreword, Matthew Desmond, author of *Evicted: Poverty and Profit in the American City*, explains why, twenty years on in America, Nickel and Dimed is more relevant than ever. Your home is the place where you re free to relax, entertain, and express your personality. Filled with fabulous photographs of every room, plus genius tips, savvy shortcuts, and quick fixes for tidying, decluttering, organizing, adding style, and more, "Good Housekeeping Simple Household Wisdom" is your go-to guide for turning a house into the home you'll love even more."

A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called *döstädning*, *dö* meaning “death” and *städning* meaning “cleaning.” This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you’d ever use) and which you might want to keep (photographs, love letters, a few of your children’s art projects). Digging into her late husband’s tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

BARACK OBAMA'S SUMMER READING PICK, 2019. BBC RADIO 4 BOOK OF THE WEEK. Educated meets Nickel and Dimed in Stephanie Land's memoir about working as a maid. A beautiful and gritty exploration of poverty in the western world. Includes a foreword by international bestselling author Barbara Ehrenreich. 'My daughter learned to walk in a homeless shelter.' As a struggling single mum, determined to keep a roof over her daughter's head, Stephanie Land worked for years as a maid, working long hours in order to provide for her small family. In *Maid*, she reveals the dark truth of what it takes to survive and thrive in today's inequitable society. As she worked hard to climb her way out of poverty as a single parent, scrubbing the toilets of the wealthy, navigating domestic labour jobs as a cleaner whilst also juggling higher education, assisted housing, and a tangled web of government assistance, Stephanie wrote. She wrote the true stories that weren't being told. The stories of the overworked and underpaid. Written in honest, heart-rending prose and with great insight, *Maid* explores the underbelly of the upper-middle classes and the reality of what it's like to be in service to them. 'I'd become a nameless ghost,' Stephanie writes. With this book, she gives voice to the 'servant' worker, those who fight daily to scramble and scrape by for their own lives and the lives of their children.

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Unf*ck Your Habitat is for anyone who has been left behind by traditional aspirational systems. The ones that ignore single people with full-time jobs; people without kids but living with roommates; and people with mental illnesses or physical limitations. Most organizational books are aimed at traditional homemakers, DIYers, and people who seem to have unimaginable amounts of free time. They assume we all iron our sheets, have linen napkins to match our table runners, and can keep plants alive for longer than a week. Basically, they ignore most of us living here in the real world! Interspersed with lists and challenges, this practical, no-nonsense advice relies on a 20/10 system (20 minutes of cleaning followed by a 10-minute break; no marathon cleaning allowed) to help you develop lifelong habits. It motivates you to embrace a new lifestyle in manageable sections so you can actually start applying the tactics as you progress. For everyone stuck between The Life-Changing Magic of Tidying Up and Adulthood, this philosophy is more realistic than aspirational, but the goal is the same: not everyone will have a showcase of a home, but whatever your habitat, you deserve for it to bring you happiness, not stress.
