In a world where everything is ruled by Snapchat, Facebook, Instagram, etc., our mother is a Beatles CD, lost in the shuffle. It's important that we sit down with her or just pick up the phone say hello and take time to listen and connect with her. And even if she is on social media, it's important to connect with her offline. It's time that we show her we care. Our kind words and gestures go a long way. Mothers share a truly special bond with their children, one that deserves its very own kind of keepsake. Making a memory book is a beautiful way to document family history and celebrate life experiences with your mother. Whether we are passing down family history in a parent's book for grandchildren or helping our family make a book for our parents, we will end up with a cherished gift perfect for any occasion and create memories to last a lifetime This type of memory journal lets us capture decades of family history in an heirloom-worthy book while encouraging family members to connect and interact in the process. This book is filled with writing prompts and questions that will inspire and guide your mother to tell her story, from childhood to adulthood. This journal includes prompts like What are your favorite childhood memories? What are your proudest achievements? Which memories always make you laugh or smile? What do you love most about being a parent? This journal also has additional pages, in the end, to document other anecdotes and add additional stories and information if any. This remembrance journal includes - 8.5 x 11 journal with 108 Pages - 101 amazing prompts

to encourage and guide mothers to tell her life story

Five great poets of the T'ang dynasty (eighth and ninth centuries A.D.) are represented in this collection: Wang Wei, Li Po, Tu Fu, Li Ho, and Li Shang-Yin. Each poet is introduced by the translator and represented by a selection that spans the poet's development and career. These constitute some of the greatest lyric poems ever written.

Includes "Dilatory domiciles"; for some volumes, some of these updates are issued separately as supplements.

Galipette the adorable rabbit takes you on his adventures. Colonial Lives offers a rich variety of archival documents in translation which bring to life the political and economic workings of Latin American colonies during 300 years of Spanish rule, as well as the day-to-day lives of the colonies' inhabitants. Intended to complement textbooks such as Burkholder and Johnson's Colonial Latin America by presenting students with primary sources -- the raw materials on which the facts in other textbooks are based -- this reader strives to illustrate the impact of issues such as race, class, gender, sexuality, culture and religion in the daily lives of both natives and colonists alike. The concerns, struggles and perspectives of the inhabitants of colonial Latin America are reflected in transcripts of civil and criminal court cases, administrative reviews, ecclesiastical investigations, Inquisition trials, wills, and letters the editors have included in this reader. Each document is prefaced by an introduction that places it in the social and political context of the period. The book also includes a glossary of terms and lists of suggested further readings. Most uniquely, the book offers helpful thematic cross-referencing sections and an index of themes which allow instructors to easily adapt the book to their courses and to assign readings according to the criteria of their own specific curriculums.

Reinforce your understanding of sectional anatomy with Mosby's Radiography Online: Sectional Anatomy for Imaging Professionals! Corresponding to the chapters in Sectional Anatomy for Imaging Professionals, 3rd Edition, this online course helps you develop the skills needed to identify anatomic structures and produce diagnostic-quality radiographs. Narrated animations and slide shows clarify difficult concepts, and detailed diagnostic images demonstrate both CT and MRI modalities. Interactive exercises allow you to assess your knowledge and help in reviewing for registry examinations. From radiologic imaging instructors Lorrie Kelley and Connie Petersen, MRO: Sectional Anatomy for Imaging Professionals makes it easier to learn, apply, and master the concepts in your textbook. Animations and slide shows with audio narration demonstrate the more difficult principles of sectional anatomy, presenting concepts through engaging media to ensure understanding. A variety of interactive exercises reinforce your understanding with matching, multiple-choice with rationales, labeling, and short answer questions. Full-color illustrations and an image-enlarge feature allow for visualization of the illustrations without taking up too much space on the screen. Self-assessment quizzes in every section help you determine your strengths and weaknesses. Tutoring feature in quizzes provides correct answers for the questions answered incorrectly, along with a reference to the related module content and objective. Module Exams are automatically scored and - like the quizzes - include feedback for each answer as well as the objective covered and the course

and textbook location reference. Audio Glossary within each module incorporates key terms and definitions used in sectional anatomy and that are specific to the topic under discussion. UPDATED modules reflect the newest radiologic technology.

The book of stuff is designed for the pre-teen. This activity book is designed to stretch and enhance the child's mind. It teaches them about the stuff in their life. This book asks questions about the stuff they surround their self with and how it makes them happy. What kind of stuff can be shared with other people and where does this stuff come from? This book will open up the child's creative abilities through art and thought. They can write short stories as well as draw photos of items that make them happy. A must have gift for every child from 8 to 13 years old. If you can't find your child's name in this series, please email me at Hudslone@yahoo.com with your child's name and I will add that to the series. I will send you a link to your child's book. Each BIG Book is 8 1/2 inches by 11 inches in size. This activity Book is perfect for those long trips or boring times at home. I recommend having crayons, markers or colored pencils to accompany this book. Great for Birthdays and Christmas

Whenever God did something amazing or a miracle in the lives of His people, He told them to build an altar of twelve large stones to remember His gift to them. However, it is also for their children to ask what it is for, so they could tell them about the faithfulness of their God. When I asked the Lord what He wanted me to name this book He put strongly in my heart "Altars of Remembrance" to tell all the wonderful ways He guides and protects those who are His. Now with her second book "MORE Altars of Remembrance" it continues with the unbelievable love and faithfulness of this great God. Hannah has started a third book and looks forward to what the Lord will put in that one.
