

Mean On Sunday The Autobiography Of Ray Nitschke

Draws on more than forty interviews with Steve Jobs, as well as interviews with family members, friends, competitors, and colleagues to offer a look at the co-founder and leading creative force behind the Apple computer company.

NEW YORK TIMES BEST SELLER • An inspiring and intimate self-portrait of the champion of equality that encompasses her brilliant tennis career, unwavering activism, and an ongoing commitment to fairness and social justice. "A story about the personal strength, immense growth, and undeniable greatness of one woman who fearlessly stood up to a culture trying to break her down."—Serena Williams In this spirited account, Billie Jean King details her life's journey to find her true self. She recounts her groundbreaking tennis career—six years as the top-ranked woman in the world, twenty Wimbledon championships, thirty-nine grand-slam titles, and her watershed defeat of Bobby Riggs in the famous "Battle of the Sexes." She poignantly recalls the cultural backdrop of those years and the profound impact on her worldview from the women's movement, the assassinations and anti-war protests of the 1960s, the civil rights movement, and, eventually, the LGBTQ+ rights movement. She describes the myriad challenges she's hurdled—entrenched sexism, an eating disorder, near financial peril after being outed—on her path to publicly and unequivocally acknowledging her sexual identity at the age of fifty-one. She talks about how her life today remains one of indefatigable service. She offers insights and advice on leadership, business, activism, sports, politics, marriage equality, parenting, sexuality, and love. And she shows how living honestly and openly has had a transformative effect on her relationships and happiness. Hers is the story of a pathbreaking feminist, a world-class athlete, and an indomitable spirit whose impact has transcended even her spectacular achievements in sports.

'This is the book I wished I'd had to turn to.' Gary Barlow Gary Barlow is one of the most successful British musicians and songwriters of all time, but fifteen years ago, as he himself admits, he hit rock bottom - he was out of shape, out of work, depressed. Food for him had become an addiction, a means not only of comfort but almost of self-medication as he grappled with the cruel twists of fate of musical stardom. In 2003, as he struggled with the disappointment of an underperforming solo career alongside the tireless media taunts; Gary turned to food. Relentlessly. In the space of nine years he had been on 20 diets in the hopes of a resolution to all his woes. After asking the doctor what the 'cure' for obesity was, it sunk in that he was the only one who could take control of his health. Gary describes this realisation and the task that lay ahead - 'it was like being at the foot of a massive mountain'. So how did he go from an obese, out-of-work and depressed pop icon, to a superstar of music and TV and an accomplished musical songwriter and producer who is full of vitality, fitter, happier and more successful than ever before. What happened? In his extraordinarily honest memoir *A Better Me*, Gary tells of his journey back to

professional success and mental and physical health. From reforming Take That to critical and commercial acclaim and reigniting his own legendary songwriting career; to overcoming his weight problems and crippling obsession with food; to TV judging panel stardom on The X Factor and Let It Shine and at last finding balance in both his personal and professional life. A Better Me is a remarkably frank memoir of Gary's life as he battled with weight, stress, fitness and depression, and staged one of the most thrilling professional comebacks in years. In his warm, witty and authentic voice, he recounts his story with compelling insight, captivating honesty and a human side that people rarely see. Here is one of the UK's most beloved pop stars open, honest and raw and as we've never seen him before.

The award-winning poet reinvents a genre in a stunning work that is both a novel and a poem, both an unconventional re-creation of an ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile, tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his camera and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, *Autobiography of Red* is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. A NEW YORK TIMES NOTABLE BOOK OF THE YEAR National Book Critics Circle Award Finalist "Anne Carson is, for me, the most exciting poet writing in English today." --Michael Ondaatje "This book is amazing--I haven't discovered any writing in years so marvelously disturbing." --Alice Munro "A profound love story . . . sensuous and funny, poignant, musical and tender." --The New York Times Book Review "A deeply odd and immensely engaging book. . . . [Carson] exposes with passionate force the mythic underlying the explosive everyday." --The Village Voice

Writing autobiography is a complicated, often fraught activity for both writer and reader. We can find many recent examples of the way such writing calls into question the author's truthfulness or their authority to present as definitive their 'version' of a particular event or portion of their lives. Drawing upon a wide range of late twentieth and early twenty-first-century autobiographical writing, *The Fiction of Autobiography* examines key aspects of autobiography from the interrelated perspectives of author, reader, critic and scholar, to reconsider how we view this form of writing, and its relationship to the way we understand and construct identity. Maftai considers recent cases and texts such as Didion's *The Year of Magical Thinking* and Frey's *A Million Little Pieces* alongside older texts such as Proust's *In Search of Lost Time* ? Nabokov's *Speak, Memory* and Stein's

The Autobiography of Alice B. Toklas. In part, this is to emphasise that key issues reappear and arise over decades and centuries, and that texts distanced by time can speak to each other thoughtfully and poignantly.

As lead guitarist of the Rolling Stones, Keith Richards created the riffs, the lyrics, and the songs that roused the world. A true and towering original, he has always walked his own path, spoken his mind, and done things his own way. Now at last Richards pauses to tell his story in the most anticipated autobiography in decades. And what a story! Listening obsessively to Chuck Berry and Muddy Waters records in a coldwater flat with Mick Jagger and Brian Jones, building a sound and a band out of music they loved. Finding fame and success as a bad-boy band, only to find themselves challenged by authorities everywhere.

Dropping his guitar's sixth string to create a new sound that allowed him to create immortal riffs like those in "Honky Tonk Woman" and "Jumpin' Jack Flash."

Falling in love with Anita Pallenberg, Brian Jones's girlfriend. Arrested and imprisoned for drug possession. Tax exile in France and recording Exile on Main Street. Ever-increasing fame, isolation, and addiction making life an ever faster frenzy. Through it all, Richards remained devoted to the music of the band, until even that was challenged by Mick Jagger's attempt at a solo career, leading to a decade of conflicts and ultimately the biggest reunion tour in history. In a voice that is uniquely and unmistakably him--part growl, part laugh--Keith Richards brings us the truest rock-and-roll life of our times, unfettered and fearless and true. Richards' rich voice introduces the audiobook edition of LIFE and leads us into Johnny Depp's performance, while fellow artist Joe Hurley bridges the long road traveled before Richards closes with the final chapter of this incredible 23-hour production, which includes a bonus PDF of photos.

This presents the life story of African American revolutionary Shakur, previously known as JoAnne Chesimard.

"There is no writer quite like Dolly Alderton working today and very soon the world will know it."--Lisa Taddeo, author of #1 New York Times bestseller Three Women "Dolly Alderton has always been a sparkling Roman candle of talent.

She is funny, smart, and explosively engaged in the wonders and weirdness of the world. But what makes this memoir more than mere entertainment is the mature and sophisticated evolution that Alderton describes in these pages. It's a beautifully told journey and a thoughtful, important book. I loved it."--Elizabeth Gilbert, New York Times bestselling author of Eat, Pray, Love and City of Girls The wildly funny, occasionally heartbreaking internationally bestselling memoir about growing up, growing older, and learning to navigate friendships, jobs, loss, and love along the ride When it comes to the trials and triumphs of becoming an adult, journalist and former Sunday Times columnist Dolly Alderton has seen and tried it all. In her memoir, she vividly recounts falling in love, finding a job, getting drunk, getting dumped, realizing that Ivan from the corner shop might just be the only reliable man in her life, and that absolutely no one can ever compare to her best girlfriends. Everything I Know About Love is about bad dates, good friends

and—above all else— realizing that you are enough. Glittering with wit and insight, heart and humor, Dolly Alderton's unforgettable debut weaves together personal stories, satirical observations, a series of lists, recipes, and other vignettes that will strike a chord of recognition with women of every age—making you want to pick up the phone and tell your best friends all about it. Like Bridget Jones' Diary but all true, Everything I Know About Love is about the struggles of early adulthood in all its terrifying and hopeful uncertainty.

The Grammy Award-winning recording artist and actor shares the story of his life, from his youth on Chicago's Southside and rise in the hip-hop industry to his movie appearances and the lessons he has learned as a son and a father. Originally published in 1912, this novel was one of the first to present a frank picture of being black in America Masked in the tradition of the literary confession practiced by such writers as St. Augustine and Rousseau, this "autobiography" purports to be a candid account of its narrator's private views and feelings as well as an acknowledgement of the central secret of his life: that though he lives as a white man, he is, by heritage and experience, an African-American. Written by the first black executive secretary of the NAACP, The Autobiography of an Ex-Colored Man, in its depiction of turn-of-the-century New York, anticipates the social realism of the Harlem Renaissance writers. In its unprecedented analysis of the social causes of a black man's denial of the best within himself, it is perhaps James Weldon Johnson's greatest service to his race. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Musician, composer, producer, arranger, and pioneering entrepreneur Quincy Jones has lived large and worked for five decades alongside the superstars of music and entertainment -- including Frank Sinatra, Michael Jackson, Steven Spielberg, Oprah Winfrey, Ray Charles, Will Smith, and dozens of others. Q is his glittering and moving life story, told with the style, passion, and no-holds-barred honesty that are his trademarks. Quincy Jones grew up poor on the mean streets of Chicago's South Side, brushing against the law and feeling the pain of his mother's descent into madness. But when his father moved the family west to Seattle, he took up the trumpet and was literally saved by music. A prodigy, he played backup for Billie Holiday and toured the world with the Lionel Hampton Band before leaving his teens. Soon, though, he found his true calling, inaugurating a career whose highlights have included arranging albums for Frank Sinatra, Ray Charles, Dinah Washington, Sarah Vaughan, and Count Basie; composing the scores of such films as The Pawnbroker, In Cold Blood, In the Heat of the Night, and The Color Purple, and the theme songs for the television shows Ironside, Sanford and Son, and The Cosby Show; producing the

bestselling album of all time, Michael Jackson's Thriller, and the bestselling single "We Are the World"; and producing and arranging his own highly praised albums, including the Grammy Award—winning Back on the Block, a striking blend of jazz, African, urban, gospel, and hip-hop. His musical achievements, in a career that spans every style of American popular music, have yielded an incredible seventy-seven Grammy nominations, and are matched by his record as a pioneering music executive, film and television producer, tireless social activist, and business entrepreneur—one of the most successful black business figures in America. This string of unbroken triumphs in the entertainment industry has been shadowed by a turbulent personal life, a story he shares with eloquence and candor. Q is an impressive self-portrait by one of the master makers of American culture, a complex, many-faceted man with far more than his share of talents and an unparalleled vision, as well as some entirely human flaws. It also features vivid testimony from key witnesses to his journey—family, friends, and musical and business associates. His life encompasses an astonishing cast of show business giants, and provides the raw material for one of the great African American success stories of this century.

The Autobiography of Malcolm X was intended to be a true autobiography, with the name of Alex Haley appearing not at all or as a ghost writer or as a mere contributor or assistant. However, with the assassination of Malcolm X having occurred in Harlem in New York City on February 21, 1965 just before this book could be published, it became necessary to reveal the important role of Alex Haley in creating this book.

A memoir reveals Patty Duke's traumatic and bizarre upbringing, her Academy Award-winning acting career, her headline-making behavior with drugs, drinking, and promiscuity, and her triumphant struggle to a responsible adulthood. Offers a rare inside view of the Beatles and the cultural revolution of which they were a part, with a personal recollection of Harrison's evolution as a musician and composer.

#1 NEW YORK TIMES BESTSELLER • Discover the life-changing memoir that has inspired millions of readers through the Academy Award®-winning actor's unflinching honesty, unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN** "McConaughey's book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand."—Mark Manson, author of *The Subtle Art of Not Giving a F*ck* I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I

learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges—how to get relative with the inevitable—you can enjoy a state of success I call “catching greenlights.” So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

The Native American activist recounts his struggle for Indian self-determination, his periods in prison, and his spiritual awakening

#1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • NOMINATED FOR THE NAACP IMAGE AWARD Prince was a musical genius, one of the most beloved, accomplished, and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of “Uptown” to the mythical landscape of Purple Rain to the psychedelia of “Paisley Park.” But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into Prince, one of the greatest pop stars of any era. The Beautiful Ones is the story of how Prince became Prince—a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince's early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince's evolution through candid images that go up to the cusp of his greatest achievement, which we see in the book's fourth section: his original handwritten treatment for Purple Rain—the final stage in Prince's self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring's riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he'd so carefully cultivated—and annotations that provide context to the book's images. This work is not just a tribute to an icon, but an original

and energizing literary work in its own right, full of Prince's ideas and vision, his voice and image—his undying gift to the world.

The protagonist of this fictional autobiography wrestles with race in America from the perspective of someone who learns that he is considered black but also that he can pass as white if he wants to. His personal ambitiousness and racial ambivalence makes him a sort of American Hamlet: undone by indecision. Will he be “a credit to his race” by advancing an African-American heritage he loves and appreciates in the face of a hostile culture, or will he retreat into the mediocrity of a safe, white, middle-class family life? Along the way, he shares his penetrating observations about race relations in the American north and south, about the “freemasonry” of subterranean black American culture, about the emerging bohemian jazz subculture in New York City, and about traditions of African American religious music and oratory. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Autobiography is one of the most popular of written forms. From Casanova to Benjamin Franklin to the Kardashians, individuals throughout history have recorded their own lives and experiences. These personal writings are central to the work of literary critics, philosophers, historians and psychologists, who have found in autobiographies from across the centuries not only an understanding of the ways in which lives have been lived, but the most fundamental accounts of what it means to be a self in the world. In this Very Short Introduction Laura Marcus defines what we mean by 'autobiography', and considers its relationship with similar literary forms such as memoirs, journals, letters, diaries, and essays. Analysing the core themes in autobiographical writing, such as confession, conversion and testimony; romanticism and the journeying self; Marcus discusses the autobiographical consciousness (and the roles played by time, memory and identity), and considers the relationship between psychoanalysis and autobiography. Exploring the themes of self-portraiture and performance, Marcus also discusses the ways in which fiction and autobiography have shaped each other.

ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Hilarious, heartwarming and inspirational, this is the number 1 Sunday Times bestselling autobiography by comedian Sarah Millican. The funniest book of the year!

***** 'The naughtiest, helpiest, laughieoutloudiest and goodest book I've ever done reading on. Give that girl a banana!' DAWN FRENCH SARAH MILLICAN'S AUTOBIOGRAPHY WILL MAKE YOU LAUGH, FEEL NORMAL AND PROBABLY SNIFF YOUR LEGGINGS. Part autobiography, part self help, part confession, part celebration of being a common-or-garden woman, part collection of synonyms for nunny, Sarah Millican's debut book delves into her super normal life with daft stories, funny tales and proper advice on how to get past life's blips - like being good at school but not good at friends, the excitement of IBS and how to blossom post divorce. If you've ever worn glasses at the age of six, worn an off-the-shoulder gown with no confidence, been contacted by an old school bully, lived in your childhood bedroom in

your thirties, been gloriously dumped in a Frankie and Benny's, cried so much you felt great, been for a romantic walk with a dog, worn leggings two days in a row even though they smelt of wee from a distance, then this is YOUR BOOK. If you haven't done those things but wish you had, THIS IS YOUR BOOK. If you just want to laugh on a train/sofa/toilet or under your desk at work, THIS IS YOUR BOOK. 'Of course Sarah Millican's book will make you laugh out loud, but there are moments where she will touch you deeply. The dirty bitch.' KATHY BURKE

The author, a Japanese samurai of the nineteenth century, looks back on his life and shares his observations on Japanese society

"I have no wish to play the pontificating fool, pretending that I've suddenly come up with the answers to all life's questions. Quite that contrary, I began this book as an exploration, an exercise in self-questing. In other words, I wanted to find out, as I looked back at a long and complicated life, with many twists and turns, how well I've done at measuring up to the values I myself have set." —Sidney Poitier In this luminous memoir, a true American icon looks back on his celebrated life and career. His body of work is arguably the most morally significant in cinematic history, and the power and influence of that work are indicative of the character of the man behind the many storied roles. Sidney Poitier here explores these elements of character and personal values to take his own measure—as a man, as a husband and a father, and as an actor. Poitier credits his parents and his childhood on tiny Cat Island in the Bahamas for equipping him with the unflinching sense of right and wrong and of self-worth that he has never surrendered and that have dramatically shaped his world. "In the kind of place where I grew up," recalls Poitier, "what's coming at you is the sound of the sea and the smell of the wind and momma's voice and the voice of your dad and the craziness of your brothers and sisters...and that's it." Without television, radio, and material distractions to obscure what matters most, he could enjoy the simple things, endure the long commitments, and find true meaning in his life. Poitier was uncompromising as he pursued a personal and public life that would honor his upbringing and the invaluable legacy of his parents. Just a few years after his introduction to indoor plumbing and the automobile, Poitier broke racial barrier after racial barrier to launch a pioneering acting career. Committed to the notion that what one does for a living articulates to who one is, Poitier played only forceful and affecting characters who said something positive, useful, and lasting about the human condition. Here is Poitier's own introspective look at what has informed his performances and his life. Poitier explores the nature of sacrifice and commitment, pride and humility, rage and forgiveness, and paying the price for artistic integrity. What emerges is a picture of a man in the face of limits—his own and the world's. A triumph of the spirit, *The Measure of a Man* captures the essential Poitier.

Nate Shaw's father was born under slavery. Nate Shaw was born into a bondage that was only a little gentler. At the age of nine, he was picking cotton for thirty-five cents an hour. At the age of forty-seven, he faced down a crowd of white deputies who had come to confiscate a neighbor's crop. His defiance cost him twelve years in prison. This triumphant autobiography, assembled from the eighty-four-year-old Shaw's oral reminiscences, is the plain-spoken story of an "over-average" man who witnessed wrenching changes in the lives of Southern black people -- and whose unassuming courage helped bring those changes about.

ONE OF TIME'S TEN MOST IMPORTANT NONFICTION BOOKS OF THE TWENTIETH CENTURY In the searing pages of this classic autobiography, originally published in 1964, Malcolm X, the Muslim leader, firebrand, and anti-integrationist, tells the extraordinary story of his life and the growth of the Black Muslim movement. His fascinating perspective on the lies and limitations of the American Dream, and the inherent racism in a society that denies its nonwhite citizens the opportunity to dream, gives extraordinary insight into the most urgent issues of our own time. The Autobiography of Malcolm X stands as the definitive statement of a movement and a man whose work was never completed but whose message is timeless. It is essential reading for anyone who wants to understand America. Praise for The Autobiography of Malcolm X "Extraordinary . . . a brilliant, painful, important book."—The New York Times "This book will have a permanent place in the literature of the Afro-American struggle."—I. F. Stone

What Is the What is the story of Valentino Achak Deng, a refugee in war-ravaged southern Sudan who flees from his village in the mid-1980s and becomes one of the so-called Lost Boys. Valentino's travels bring him in contact with enemy soldiers, with liberation rebels, with hyenas and lions, with disease and starvation, and with deadly murahaleen (militias on horseback)—the same sort who currently terrorize Darfur. Eventually Deng is resettled in the United States with almost 4000 other young Sudanese men, and a very different struggle begins. Based closely on true experiences, **What Is the** is heartbreaking and arresting, filled with adventure, suspense, tragedy, and, finally, triumph.

A memoir of the author's life and career as a member of the Green Bay Packers Norman Lear is the renowned creator of such iconic television programs as *All in the Family*, *Maude*, and *The Jeffersons*. He remade our television culture from the ground up, and in *Even This I Get To Experience*, he opens up about the ups and downs of his three marriages, tells stories about time spent with Jerry Lewis and Dean Martin and offers a thrilling new look at the golden age of show business. He tells of life growing up in the Great Depression right through to his father's imprisonment and his own eventual affluence. Endlessly readable and unforgettable.

WINNER • 2021 PULITZER PRIZE IN BIOGRAPHY • WINNER — 2020 NATIONAL BOOK AWARD FOR NONFICTION • TIME Magazine — 10 Best Nonfiction Books of 2020 • A New York Times Notable Book of 2020 and Editors' Choice Selection • Best Books of 2020: NPR, Washington Post, Library Journal, Chicago Public Library • Excerpted in The New Yorker • Longlisted — Andrew Carnegie Medal for Excellence in Nonfiction • Best Books of Fall 2020 — O, the Oprah Magazine, The Week, St. Louis Post-Dispatch An epic biography of Malcolm X finally emerges, drawing on hundreds of hours of the author's interviews, rewriting much of the known narrative. Les Payne, the renowned Pulitzer Prize-winning investigative journalist, embarked in 1990 on a nearly thirty-year-long quest to interview anyone he could find who had actually known Malcolm X—all living siblings of the Malcolm Little family, classmates, street

friends, cellmates, Nation of Islam figures, FBI moles and cops, and political leaders around the world. His goal was ambitious: to transform what would become over a hundred hours of interviews into an unprecedented portrait of Malcolm X, one that would separate fact from fiction. The result is this historic biography that conjures a never-before-seen world of its protagonist, a work whose title is inspired by a phrase Malcolm X used when he saw his Hartford followers stir with purpose, as if the dead were truly arising, to overcome the obstacles of racism. Setting Malcolm's life not only within the Nation of Islam but against the larger backdrop of American history, the book traces the life of one of the twentieth century's most politically relevant figures "from street criminal to devoted moralist and revolutionary." In tracing Malcolm X's life from his Nebraska birth in 1925 to his Harlem assassination in 1965, Payne provides searing vignettes culled from Malcolm's Depression-era youth, describing the influence of his Garveyite parents: his father, Earl, a circuit-riding preacher who was run over by a street car in Lansing, Michigan, in 1929, and his mother, Louise, who continued to instill black pride in her children after Earl's death. Filling each chapter with resonant drama, Payne follows Malcolm's exploits as a petty criminal in Boston and Harlem in the 1930s and early 1940s to his religious awakening and conversion to the Nation of Islam in a Massachusetts penitentiary. With a biographer's unwavering determination, Payne corrects the historical record and delivers extraordinary revelations—from the unmasking of the mysterious NOI founder "Fard Muhammad," who preceded Elijah Muhammad; to a hair-raising scene, conveyed in cinematic detail, of Malcolm and Minister Jeremiah X Shabazz's 1961 clandestine meeting with the KKK; to a minute-by-minute account of Malcolm X's murder at the Audubon Ballroom. Introduced by Payne's daughter and primary researcher, Tamara Payne, who, following her father's death, heroically completed the biography, *The Dead Are Arising* is a penetrating and riveting work that affirms the centrality of Malcolm X to the African American freedom struggle.

In this memoir, Neil Patrick Harris shares intimate and hilarious stories about everything from his early days in LA, life on the *How I Met Your Mother* set, secrets from backstage at award shows, and family life with David, Harper, and Gideon. He also lets you, the reader, choose which path you want him to follow.--Adapted from publisher description.

Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three, he was performing his first gig in America, facing an astonished audience in his bright yellow dungarees, a star-spangled T-shirt and boots with wings. Elton John had arrived and the music world would never be the same again. His life has been full of drama, from the early rejection of his work with song-writing partner Bernie Taupin to spinning out of control as a chart-topping superstar; from half-heartedly trying to drown himself in his LA swimming pool to disco-dancing with the Queen; from friendships with John Lennon,

Freddie Mercury and George Michael to setting up his AIDS Foundation. All the while, Elton was hiding a drug addiction that would grip him for over a decade. In *Me* Elton also writes powerfully about getting clean and changing his life, about finding love with David Furnish and becoming a father. In a voice that is warm, humble and open, this is Elton on his music and his relationships, his passions and his mistakes. This is a story that will stay with you, by a living legend.

When Johnny Cash died in September 2003, the world mourned the loss of the greatest country music star of all time. *I Walked the Line* is the life story of Vivian Cash, Johnny's first wife and the mother of his four daughters. It is a tale of long-kept secrets, lies revealed, betrayal and, at last, the truth. Johnny and Vivian were married for nearly fourteen years. These years spanned Johnny's military service in Germany, his earliest musical inclinations, their struggling newlywed years, Johnny's first record deal with Sun Records (alongside Elvis Presley), his astounding rise to stardom, and his well-known battles with pills and the law. Vivian decided that, near the end of her life and with backing from Johnny, she should tell the whole story, even the parts at odds with the iconic Cash family image such as Johnny's drug problems; Vivian's confrontation with June Carter about her affair with Johnny and, most sensationally, the Cash family secret of June's lifelong addiction to drugs and the events leading up to her death. Also revealed are unpublished love letters between the couple, family photographs and artefacts. *I Walked the Line* is a powerful memoir of joy and happiness, injustice and triumph and is an essential read for all Cash fans.

REA's MAXnotes for Alex Haley's *The Autobiography of Malcolm X* MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions.

MAXnotes cover the essentials of what one should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work's historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers.

Amazon.com Review Malcolm X's searing memoir belongs on the small shelf of great autobiographies. The reasons are many: the blistering honesty with which he recounts his transformation from a bitter, self-destructive petty criminal into an articulate political activist, the continued relevance of his militant analysis of white racism, and his emphasis on self-respect and self-help for African Americans. And there's the vividness with which he depicts black popular culture--try as he might to criticize those lindy hops at Boston's Roseland dance hall from the perspective of his Muslim faith, he can't help but make them sound pretty wonderful. These are but a few examples. *The Autobiography of Malcolm X* limns an archetypal journey from ignorance and despair to knowledge and spiritual awakening. When Malcolm tells coauthor Alex Haley, "People don't realize how a man's whole life can be changed by one book," he voices the central belief underpinning every attempt to set down a personal story as an example for others. Although many believe his ethic was directly opposed to Martin Luther King Jr.'s during the civil rights struggle of the '60s, the two were not so different. Malcolm may have displayed a most un-Christian distaste for loving his enemies, but he understood with King that love of God and love of self are the necessary first steps on the road to freedom.

--Wendy Smith Review Biography, published in 1965, of the American black militant religious leader and activist who was born Malcolm Little. Written by Alex Haley, who had conducted extensive audiotaped interviews with Malcolm X just before his assassination in 1965, the book gained renown as a classic work on black American experience. The Autobiography recounts the life of Malcolm X from his traumatic childhood plagued by racism to his years as a drug dealer and pimp, his conversion to the Black Muslim sect (Nation of Islam) while in prison for burglary, his subsequent years of militant activism, and the turn late in his life to more orthodox Islam. --The Merriam-Webster Encyclopedia of Literature

The bestselling exploration of the dimensions of love, marriage, mourning, and kinship from two-time Booker Prize finalist Deborah Levy. A New York Times Notable Book A New York Public Library Best Nonfiction Book of 2018 What does it cost a woman to unsettle old boundaries and collapse the social hierarchies that make her a minor character in a world not arranged to her advantage? This vibrant memoir, a portrait of contemporary womanhood in flux, is an urgent quest to find an unwritten major female character who can exist more easily in the world. Levy considers what it means to live with meaning, value, and pleasure, to seize the ultimate freedom of writing our own lives, and reflects on the work of such artists and thinkers as Simone de Beauvoir, James Baldwin, Elena Ferrante, Marguerite Duras, David Lynch, and Emily Dickinson. The Cost of Living, longlisted for the Andrew Carnegie Medal in Nonfiction, is crucial testimony, as distinctive, witty, complex, and original as Levy's acclaimed novels.

The long-awaited autobiography from Georgetown University's legendary coach, whose life on and off the basketball court threw America's unresolved struggle with racial justice into sharp relief. John Thompson was never just a basketball coach and *I Came As A Shadow* is categorically not just a basketball autobiography. After five decades at the center of race and sports in America, Thompson—the iconic NCAA champion, Black activist, and educator—was ready to make the private public at last, and he completed this autobiography shortly before his death in the historically tumultuous summer of 2020. Chockful of stories and moving beyond mere stats (three Final Fours, four-time national coach of the year, seven Big East championships, 97 percent graduation rate), Thompson's book drives us through his childhood under Jim Crow segregation to our current moment of racial reckoning. We experience riding shotgun with Celtics icon Red Auerbach and coaching NBA Hall of Famers like Patrick Ewing and Allen Iverson. What were the origins of the phrase "Hoya Paranoia"? You'll see. And parting his veil of secrecy, Thompson brings us into his negotiation with a D.C. drug kingpin in his players' orbit in the 1980s, as well as behind the scenes of his years on the Nike board. Thompson's mother was a teacher who had to clean houses because of racism in the nation's capital. His father could not read or write. Their son grew up to be a man with his own larger-than-life statue in a building that bears his family's name on a campus once kept afloat by the selling of 272 enslaved Black people. This is a great American story, and John Thompson's experience sheds light on many of the issues roiling our nation. In these pages, he proves himself to be the elder statesman whose final words college basketball and the country need to hear. *I Came As A Shadow* is not a swan song, but a bullhorn blast from one of America's most prominent sons.

The wife of the American poet George Oppen tells of their experiences traveling throughout America and of their associations with the Communist Party.

In a life filled with meaning and accomplishment, Michelle Obama has emerged as one of the most iconic and compelling women of our era. As First Lady of the United States of America, she helped create the most welcoming and inclusive White House in history. With unerring honesty and lively wit, she describes her triumphs and her disappointments, both public and private.

The Instant #1 New York Times Bestseller The global icon, award-winning singer, songwriter,

producer, actress, mother, daughter, sister, storyteller, and artist finally tells the unfiltered story of her life in *The Meaning of Mariah Carey*. It took me a lifetime to have the courage and the clarity to write my memoir. I want to tell the story of the moments - the ups and downs, the triumphs and traumas, the debacles and the dreams, that contributed to the person I am today. Though there have been countless stories about me throughout my career and very public personal life, it's been impossible to communicate the complexities and depths of my experience in any single magazine article or a ten-minute television interview. And even then, my words were filtered through someone else's lens, largely satisfying someone else's assignment to define me. This book is composed of my memories, my mishaps, my struggles, my survival and my songs. Unfiltered. I went deep into my childhood and gave the scared little girl inside of me a big voice. I let the abandoned and ambitious adolescent have her say, and the betrayed and triumphant woman I became tell her side. Writing this memoir was incredibly hard, humbling and healing. My sincere hope is that you are moved to a new understanding, not only about me, but also about the resilience of the human spirit. Love, Mariah
