From 1630 to 1651, William Bradford wrote a history of Plymouth, the very colony he helped to establish and govern. Never published in his lifetime, the handwritten manuscript was lost during the Revolutionary War, and was rediscovered and published for the first time in 1856. In this new edition, Caleb Johnson has added many valuable footnotes, and included many relevant photos and illustrations. Also included here with Bradford's History is the complete text of the Pilgrims' journals chronicling the first year at Plymouth. These exciting first-hand journals capture the day-by-day details of the explorations and adventures of the Pilgrims. Substitute middle-school history teacher Rush Revere takes his students back in time to experience American history as it happens aboard the Mayflower and on Plymouth Plantation. Squanto recounts how in 1614 he was captured by the British, sold into slavery in Spain, and ultimately returned to the New World to become a guide and friend for the colonists.

At the end of 1618, a blazing green star soared across the night sky over the northern hemisphere. From the Philippines to the Arctic, the comet became a sensation and a symbol, a warning of doom or a promise of salvation. Two years later, as the Pilgrims prepared to sail across the Atlantic on board the Mayflower, the atmosphere remained charged with fear and expectation. Men and women readied themselves for war, pestilence, or divine retribution. Against this background, and amid deep economic depression, the Pilgrims conceived their enterprise of exile. Within a decade, despite crisis and catastrophe, they built a thriving settlement at New Plymouth, based on beaver fur, corn, and cattle. In doing so, they laid the foundations for Massachusetts, New England, and a new nation. Using a wealth of new evidence from landscape, archaeology, and hundreds of overlooked or neglected documents, Nick Bunker gives a vivid and strikingly original account of the Mayflower project and the first decade of the Plymouth Colony. From mercantile London and the rural England of Queen Elizabeth I and King James I to the mountains and rivers of Maine, he weaves a rich narrative that combines religion, politics, money, science, and the sea. The Pilgrims were entrepreneurs as well as evangelicals, political radicals as well as Christian idealists. *Making Haste from Babylon* tells their story in unrivaled depth,
