The universal force known as Kundalini has been shrouded in mystery for centuries, yet it influences our every breath, thought, and emotion. With *Awakening Kundalini*, one of the West's most respected teachers and researchers in the field explores this spiritual principle in unprecedented depth, with detailed guidance for discovering and working with it directly. In India's spiritual teachings, Kundalini is known as the principle within that compels us to evolve and grow. Traditions across the globe have described it as a force that lies dormant within us and, when awakened, connects us to the energy of creation and profoundly elevates consciousness. With his unique expertise in modern psychology, neuroscience, meditation training, and spiritual traditions, Lawrence Edwards clarifies for readers the many dimensions of Kundalini awakening, including practices and meditations for recognizing its manifestations and preparing the body and mind to enter its expansive, empowering flow. When experienced skillfully, Kundalini can be the most profoundly transformative experience of our lives. *Awakening Kundalini* makes available a complete and practical resource for tapping into this transformative force, and realizing our ability to live "radically free."

Sufism has not only survived into the twenty-first century but has experienced a significant resurgence throughout the Muslim world. Sufism and the 'Modern' in Islam offers refreshing new perspectives on this phenomenon, demonstrating surprising connections between Sufism and Muslim reformist currents, and the vital presence of Sufi ideas and practices in all spheres of life. Contrary to earlier theories of the modernization of Muslim societies, Sufi influence on the political, economic and intellectual life of contemporary Muslim societies has been considerable. Although less noticed than the resurgence of radical Islam, Sufi orders and related movements involve considerably larger numbers of followers, even among the modern urban middle classes. This innovative study brings together new comparative and interdisciplinary research to show how Sufis have responded to modernization and globalization and how various currents of Islamic reform and Sufism have interacted. Offering fascinating new insights into the pervasive Sufi influence on modern Islamic religiosity and contemporary political and economic life, this book raises important questions about Islam in the age of urbanism and mass communications. An unprecedented historical account of undivided Punjab, from the death of Aurangzeb to the Partition. For centuries, the fertile land of five rivers in the north of the Indian subcontinent was coveted by numerous empires and invaders. In this, the first major account of undivided Punjab, award-winning historian, biographer and scholar, Rajmohan Gandhi, gives us its history during its most tumultuous phase from the death of Aurangzeb, in the early eighteenth century, to its brutal partition in 1947, coinciding with the departure of the British. Relying on fresh sources as well as previous accounts provided from opposing perspectives, the author fashions a compelling narrative about the great events of the time in the region - the battles and tragedies that routinely disrupted the lives of ordinary Punjabis, the sacking of iconic cities like Lahore, Amritsar, Multan and Jalandhar by a succession of conquerors, the ravages wrought by invaders like Nadir Shah, the rise of the Sikhs culminating in the storied reign of Maharaja Ranjit Singh, Britain's successful wars against the Sikh kingdom, the Great Rebellion of 1857 and its effect on Punjab, imperialist machinations, the influence on the people by leaders of the independence movement like Mahatma Gandhi, Muhammad Ali Jinnah and Lala Lajpat Rai, as also key regional figures such as Fazl-i-Husain, Master Tara Singh, Sikander Hayat Khan and Khizr Hayat Tiwana, the devastation of Partition - and much else besides. Believing that modern India and Pakistan cannot be understood without comprehending the Punjab that was, the author also delves into the idea of Punjabinity - Punjabiness - the literature and poetry of creative giants like Bulleh Shah, Waris Shah, Iqbal, Amrita Pritam and Saadat Hasan Manto, the spiritual teachings of the Sikh Gurus and Sufi saints and, above all, the testimonials and narratives of ordinary Punjabis, to create an unforgettable portrait of a place - undivided Punjab - that continues to fascinate us (even though it broke up more than six decades ago) and of its hard-tested and resilient people, Hindu, Muslim and Sikh.
