Vintage camper trailers are a unique symbol of midcentury America that resonates with many people. This book introduces many of those people, along with the trailers they've lovingly maintained or restored. It includes hundreds of photographs of everything from fancy and comfortable trailers designed for glamping (glamorous camping), to trailers handed down through families across generations, and even entrepreneurs who have transformed their trailers into vending booths. Paul Lacitinola enjoys everything about vintage camper trailers, including rescuing, restoring, and rallying. In 2011, he began publishing the first U.S.-based magazine for collectors, restorers, and admirers of American-made camper trailers, Vintage Camper Trailers, which now has thousands of subscribers in more than a dozen different countries. He lives in Elverta, California.

Buckle up as Douglas Keister takes you for a decidedly retro ride in the world of diminutive travel trailers in Teardrops and Tiny Trailers. The demand for vintage trailers-the smaller the better-has risen dramatically in recent years, with the most in-demand trailers being "teardrops," first manufactured in the 1930s and containing just indoor sleeping space and an outdoor exterior kitchen. Also profiled in the book are "canned ham" trailers, whose shape resembles the profile of a can of ham; small-size examples of America's most beloved vintage trailer, the Airstream; miniscule gypsy caravans in Europe; and fiberglass trailers made in Canada. Two hundred color photographs showcase these trailers' sleek exteriors, retro-styled interiors, and, in many cases, the restored classic cars that tow them. Teardrops and Tiny Trailers includes a resource section chock-full of places to locate vintage trailers, clubs to join, and rallies to attend. Photographer/writer Douglas Keister has authored thirty-six critically acclaimed books. His books on classic recreational vehicles include Ready to Roll, Silver Palaces, and Mobile Mansions. In addition, he has authored twenty-five books on architecture, including Inside the Bungalow, Storybook Style, Red Tile Style, Classic Cottages, and Cottages. Keister also writes and illustrates magazine articles and contributes photographs and essays to dozens of magazines, newspapers, books, calendars, posters, and greeting cards worldwide. He lives in Chico, California.

In this sequel to The Price of Success, finally forced by his senior staff to go on a recuperative holiday, Steve Quinn and Ann set off on an RV adventure to Inuvik, in the Canadian High Arctic. This holiday is to complete Steve's recovery, and help decide Ann if they really can be a long term couple. Steve's absence will allow his business staff to complete the massive integration of newly purchased companies that Steve engineered before his ex-wife shot him. In Saskatoon, Steve's fey sense leads him to discover and acquire a fantastic prize. In Dawson Creek they encounter some old friends and persuade them to accompany them on the way north. On the slow journey north up the Alcan and Dempster Highway's they encounter marvellous scenery, wild life, and Ann learns much more from Steve's friends about Steve's early life. This book, I have written, has helped to release all the tension I had with the obstacles I met along with the raising of this family. With the farm life and the large family, including a son with birth defects and Down's syndrome, life was strenuous. Years of struggling to keep the family well and happy. With the help of good doctors and surgeons, in Bobby's case, we have seen that it can be done. I was always trusting God in each incidence. It is my hope that this book will prove to be an inspiration to any and all who have the privilege of reading it.

To consider purchasing a Travel Trailer, or any RV for that matter, it makes sense to investigate everything about the brand you are considering. All too often purchasing a travel trailer becomes an emotional decision rather than a decision based on functionality and reliability. We hope that this book serves as a guide so you can think through all of your needs prior to purchasing your travel trailer. There are many more considerations involved in purchasing a travel trailer than just the initial purchase price. Getting a great deal is fine, but having a great deal and then being frustrated and disappointed is not very satisfying. A trailer that lacks your most important requirements will leave you wondering why you didn't spend more time shopping.

Vintage Caravan Style takes the reader on a visual voyage through the world of vintage and retro caravans, exploring both the exterior and interior design of these classic icons. The book reveals the huge resurgence of interest in modern-vintage caravans - whether used for touring or as creative backyard spaces - and reveals how you can buy, restore and style a little capsule of retro heaven. Over 350 beautiful and inspirational photos sit alongside practical tips on restoring, upcycling, decorating and styling the small spaces of your dreams - whether you own a caravan, beach hut, shepherd's hut or even a shed - satisfying the desire to see inside other people's spaces and take inspiration from the small but perfectly formed spaces they have created.
