But during his long lifetime, Tolstoy also wrote enough shorter works to fill many volumes. The message in all his stories is presented with such humour that the reader hardly realises that it is strongly didactic. Understanding this need in filling this disjointed gap, V&S Publishers has taken the first fledging step by deciding to bring out a conversational Indian Language series, beginning with Telugu-to-Hindi module, in the name of "e;sampurna vyakaran sahit....."e;After years of research and hard work and supported by knowledgeable persons of literary taste, we have come out with this unique volume that is significantly different from all the other language learning courses out there. The major difference: this module format also provides the basics of grammar which are absent from all the other titles in the market. These basics of grammar not only provide knowledge base of the language, but also enable an individual to learn the language while speaking it.
